NASA Section 02220 DEMOLITION calling out disposal
requirements for scrap metal materials.

1.1 SUBMITTALS

NOTE: If SD-03 Product Data already exist in the
Submittal Article, add the submittal items below to
the end of SD-03 Product Data.

If SD-03 Product Data does not exist in the
Submittal Article, insert the entire paragraph
below, including SD-03 Product Data.

SD-03 Product Data

Total weight quantity of scrap metal materials turned over to DRMO.

PART 2 PRODUCTS

Not Used

PART 3 EXECUTION

NOTE: Replace the first sentence in Subpart 3.4.4,
Scrap Metal, with the note and sentence below for
scrap metal.

3.1 Scrap Metal

NOTE: Always select that scrap metal goes to DRMO
unless extenuating circumstances (e.g., volume is
negligible, project is not local, etc.) so that all
scrap metal comes back to the Government.

[Scrap metal shall be transported to DRMO and stockpiled in designated
areas, according to type of metal.] Contractor shall submit weight

quantities of scrap metal materials, by type of metal, to Contracting Officer.
